

Knowledge is expensive,  
but realise what stupidity can cost you

## I believe...

ik geloof  
dat ik geloof  
in het geloof  
maar heb geen  
in een geloof  
geloof ik

- That our **background and circumstances** may have influenced who we are, but we are responsible for who we become.
- That no matter how good a friend is, they're going to hurt you every **once in a while** and you must **forgive** them for that.
- That just because someone doesn't love you the way you want them to, **doesn't mean they don't love you with all they have.**
- That it's taking me a **long time** to become the person I want to be..
- That you should **always leave loved ones with loving words.** It may be the last time you see them.
- That either you control **your attitude** or it controls you.
- That money is a **lousy way** of keeping score.
- That sometimes when I'm angry I have the right to be angry, but that **doesn't give me the right to be cruel.**
- That it isn't always enough to forgive the others. Sometimes you have to **learn to forgive yourself.**
- That no matter how bad your heart is broken, the **world doesn't stop** for your grief.
- That **the people** you care about most in life are taken from you much too soon.
- That **life is more precious** than money will ever be able to be

Verschil in perspectief
